## STRICTLY PERSONAL

In the Colonial a few weeks back you will recall such words as: "This year we are aware of some new teachers plus the — ones." I want to apologize to all of the teachers who taught here last year and are veterans on the job, so to speak. This horrid error was entirely unintentional. The reason for such a mistake was that the only way I could think of wording it was: "This year we are aware of some new teachers plus the old ones." Now that would almost be worse so I left it blank and thought I would ask the proofreader to fill it in. I imagine you have guessed the rest of the story by now. Yes, that's right. I forgot to call it to the proofreader's attention, and although he noticed it, he also forgot to fill in the blank. Well, when I read that when the old Colonial was on sale I just about "passed out." There was nothing left for me to do about it but say, "I'm so-sorry." But I still don't know what to call you teachers that are not new at Washington-Clay this year. Now, I have that taken care of I hope all is forgiven and forgotten.

Say gang! Did you know that Bert Reader's grandfather Horace Reader, was an English carriage maker for King George V back in the 19th century? He also helped the present King George VI, with his riding lessons. Pretty classy!

Another fellow, whose grandpa did something unusual, is Don Church. Don's great-great grandfather fought in the battle at Bunker Hill. The flagman carrying the good ole' stars and stripes was killed, so Don's grandfather retrieved the flag. This flag was framed and put on display in his aunt's home in Christopher, Illinois.

It seems as if great-great grams and gramps take the picture this time.

Anna Jeanne Wertz's great-great-grandmother was married in the Canterbury Episcopal Cathedral in England by the Archbishop of Canterbury. This dates way back to the early 1700's.

Mary Lou Bonebrake's great grandmother and great grandfather met in a London brewery where they were employed. Her other great grandfather bore the noble title of "the Daniel Boone of Starke County" as he was one of the first to blaze the trail, so to speak. By the way, Starke County is down around Knox, Indiana.

## THE GYM

While many of the Students of this high school were enjoying their vacation from October 22 to October 28, there were four persons working to improve the gym and school. Two of the persons were janitors and two were students. They worked quite a few hours to clean up the gym, gym office, dressing room (boys'), and entrances to the gym.

With these facts in mind, make sure you can take care of the gym. Who knows maybe in the near future, Washington-Clay may have a new gym. A school of this size should have a bigger gym. The one we now have is small compared to some in the country, and in some cases it is larger than others. There are a few bad boards in the floor, as most of you know, but with the help of each individual, the floor will last out this season or maybe another one.

Materials are hard to get. Cost of material is high. Labor is high. Therefore, with everyone working together, we can make our gym a credit to the school.

To help keep the gym clean we all must go by these rules:

1. No eating in the gym at any time.
2. No cutting across the gym to classes.
3. No one to be on the playing floor with street shoes.
4. No eating in dressing rooms.

Please take heed of these rules, as they will be enforced. Anyone violating these rules will have their privileges in the gym taken from him. I know the coaches, teachers, and players can count on the students' support.

## SCHOOL TALENT GIVES PROGRAM

### ALUMNI NEWS 1946 Graduates

Mr. Rogers has received another letter from one of his students, Patricia Romine. She is enjoying her college work very much. "The only fault," she says, "is that the classes are too crowded." There are 400 in her Chemistry class and 250 in the English Literature class. She has seen Charles Helmen and Solbrig on the campus quite often. They're taking about the same course that "Pat" is.

Robert Bauer, Cletus Huske, Leonard Peterson, Harold Seggerman, and Charles Strom are in the Army.

Don Nufer, George Walsh, and Eugene Wilson are in Uncle Sam's Navy.

Betty Beyerle works for the "Lafayette Insurance Company."

Irene Ewald works at "Sears and Roebuck" here in South Bend.

Phyllis Galvas is the office secretary at the "Y.M.C.A."

Anne Greene works at "Benton's."

Dona Holderman works at the "I & M" in Mishawaka.

Edna Holderman works at "Reco."

Bernedina Keultjes and Barbara Kirkwood are working at "Ridges."

Alwilda Morehouse is working at the "Oliver Hotel."

Mary Rose Patitucci is still working in the "Patitucci's Store."

Russell Snyder is still working at the "Snyder Filling Station."

Betty Stewart is office secretary for the "Berman's Sport Shop."

Mildred Thompson works at the "Sand and Gravel Company."

With the aid of Mrs. Pearson, and Mrs. Gridly, and the Glee Club and some of the student body, a grand program was presented for assembly on the 23rd of October.

This program, we hope, will be the start of more student talent shows.

The Tango was one of main events along with the singing waiters and June Lowe's solo. The Chorus line made up of the girls from the Glee Club was clever and I hope they didn't dislocate the spine with "South America Take It Away."

It was all very clever and cute, and we shall be looking forward to seeing some more in the near future.

## BOOSTER CLUB

The Booster Club was formed for the purpose of cheering at the games. They aid by helping the cheerleaders. The people follow both the booster club and cheerleaders. By doing this, the boys that are playing basketball or any sport feel that the student body is behind them. They will use more effort to win.

The booster club was formed in 1944. At that time only juniors and seniors were allowed to join. In 1945 the rest of the high school was allowed to join. Now the seventh and eighth grades may join.

To join, the student must go to three-fourths of the games.

The officers of the Booster Club this year are Ralph Fowler, president; Ward Miller, vice-president; Melvin Swift, secretary-treasurer.

nent Home.

### TRUTH

Editorial

By Gene Dunnuck

Truth! What is Truth? Pontius Pilate asked that question two thousand years ago. The question is still asked today.

We have been taught truth all our lives. The Christian religion teaches truth.

"Ye shall know the truth and the truth shall make you free."

Truth is a simple word. Its very sound is sincere and reliable.

As Americans, although we exaggerate, we take pride on the trait of telling the truth. Europeans think us crude and blunt because we sacrifice tact for truth. Truth is the foundation of society.

We learned at an early age the story of George Washington and the cherry tree. Also of the boy who called wolf, wolf to see people run to help him. Then one day when he did need help, no one came.

Even animals do not break faith

with each other. There is an old story that a wolf who hides his prey and brings his fellows with him to the spot and the prey is gone, the wolf is instantly torn in pieces.

None of us will deal with a man in a mask because we can not see his face to tell if he is an upright, honest man.

Rich or Poor, a man who is committed to his objects and is stout hearted, stands for his rights, is respected by all.

Lying is burying the truth. One lie calls for another, till you have a pile of them. Truth always comes out and when it does it blows up our pile of lies and we are in an awful mess. Then we have to straighten things out, causing a lot of extra work and trouble and with a loss of self-respect.

Truth comes naturally. To lie, we must think twice. To any man, to give a lie and be caught is an extreme insult. One nice thing about telling the truth you don't have to worry about remembering what you said.

### YELL!

You've done a swell job, kids. You've shown your loyalty to your old alma mater. The rafters rang with resounding voices as our basketball team marched to its first great victory. Our hearts swelled with happiness as we were assured that once again the coaches have produced one of those great teams, for which Washington Clay's famous for. It's good to see it fighting for the ball as though a foe had taken its most valued possession. It's great to see the boys bring the ball down the floor as though it were their natural heritage. It's grand to see the ball fall through the loop as though it were a magnetic force. It's marvelous to see the students turned in mass to shout the team to victory. Let's keep behind the team until the year has been as victorious as the first game. Come on, Kids, YELL!

### Mother Steps Out

Dear Misses H. and H.:

I have been dating a senior boy for the last few months and I like him very much. I'll call him Pete. His name is Joe.

I am a sophomore in high school. I have known Pete since I was a freshman and have always admired him; therefore I was very glad when he first asked me for a date. He is a very nice boy and all the kids like him. I consider myself lucky to be going with him, but here is my problem:

My mother insists on accompanying us on all our dates. It isn't so bad when we go to a movie, but it is rather inconvenient when we are at a dance because Pete has to dance every other set with Mother. It is costing Pete quite a bit of money to take both of us out too. Please tell me what I can do about this. I've begged my father to help me but he is rather indifferent. I think he likes it because Mother isn't home so much and he doesn't have to take her out either.

—One out of three

Here is our advice:

1. When you go to the movies with Pete, choose horror films and your mother won't care to go so often.
2. You might try taking your mother on a long hike the morning before your date. She won't feel like dancing.
3. If the other two fail take Pete's mother along too, so they can entertain each other.

—H. & H.

### A BLACK CAT

by Joe Welling

The sky is a pale blue, flaked with a few billowy clouds. There is not the slightest breeze in the air, and as if taking advantage of this, the sun beats down mercilessly. Inside the office of General Lara, the humidity is unbearable.

The General curses with all the strength of Buddha. I shall speak with Fogo himself. I, General Lara, encamped in this horrible city of Hiroshima. The General grabs at his saber with all the fury of his twisted brain. Immediately he jumps into the infamous banzi dance. Finally he falls exhausted on the floor with his fat little body. Now the sweat is literally pouring from his body. He curses all the sons of Buddha with the powers of his holy ancestors. Suddenly he feels a soft ball of fur against his bald head. He jumps to his feet and reaches for his revolver. Looking down he suddenly bursts into hysterical laughter. For there is nothing there but a cat, not even a cat, just a little kitten. Picking the little kitten up with his chubby hand, he heaves it into a wastebasket. Then as if the throwing of the kitten had set off a switch there was an immense blast.

The next morning the whole world read about the Atomic Bomb that leveled off the great city of Hiroshima. Then as one reporter told it, all one could see moving in the rubble streets was a little Black Cat.

### SENTIMENTAL CORNER A RULE OF THREE

Three things to govern: temper, tongue, and conduct.

Three things to cultivate: willingness, industry, and promptness.

Three things to despise: cruelty, intolerance, and ingratitude.

Three things to wish for: health, friends, and contentment.

Three things to admire: dignity, gracefulness, and intellectual power.

Three things to give: help to the needy, comfort to the old, and appreciation to the worthy.

she has painted. Some are on the walls and some are even stacked against the walls. Beautiful scenes from places of interest in Clay township indicate that the artist has a love of nature and beauty in her heart. Canvasses which would grace an art gallery are abundant. This talented lady is the mother of two boys who have graduated from Washington Clay. She is a credit to Clay township and I am happy to present to you Mrs. Ralph Eby, good neighbor.

**GOSSIP**

A certain junior girl seems to think Charles McN. is quite the boy. If you look hard enough you might find her, Charlie.

Evidently Dick S. has female interests elsewhere. He hasn't been paying so much attention to some of the girls at Clay.

Fred Knopp is definitely O.K. Isn't he, Finky??

Jane H. tells us she has sworn off boys completely. Of course we know you don't mean Indiana U., Jane!

The juniors are sobbing about what hard questions Mr. Doerflein asks in U. S. History—remember juniors—"If at first you don't succeed . . ."

Francis L. is causing quite a stir among some of the junior girls . . .

Ralph F. is becoming quite a wolf, girls. Better watch him.

Dick Johnson is making a big hit with some of the high school girls. Too bad he isn't a little older!

We hear that Alice K. was reading bedtime stories at the Sub-Deb slumber party. How about that, Alice?

Billie Jean Mc has her hair cut in bangs. Is that for Bert, Billie?

Why is Barbara Howard always busy on Saturday night? Standing date, Barbara?

What's this about wearing two different kinds of ear rings, Mrs. Schultz? New fad?

How, why, and who was the freshman girl that told you she had reformed, Skippy M?

What else does Joe Welling know about counterfeiting, besides how to draw it?

Richard Ault and Dorothy D. seem to be getting along O.K.!!

Anita K. and Delmer O'Dell are seen around together quite a lot.

Jack Myers had a house-warming party and actually had steaks!!

Does that ring that Marion Sones is wearing belong to Kenny Todd? That's what we heard . . .

Is Coletta Wells interested in Bill Barrett or is it the other way around? Or both?

Ruth B. and Archie C. have gone back together. Beautiful ring, Ruth!

Joyce Haskins and Jeep Gortou from Niles are really hitting it off!

Compliments to Dick Ferm on the program he directed . . .

Gerry B. and Bob Struever are going steady. And after all you said about going steady, Gerry!

Blake H. seems to like Peggy S. pretty well . . .

Did you enjoy the ride you got Halloween night, Phyllis and Doris???

Mary Lou Mc and Leonard M. are going steady.

**One Woman's Opinion**

By Van Es

While trying to find a subject I overheard someone say, "That isn't fair." What wasn't fair. I wanted to go up to this young lady and say, nothing in the world is fair, but I didn't. So through this column I am going to tell this person what is fair and what is not fair.

Is it fair when one person gets all the breaks and the other person has to work for them. For instance, one boy works hard to get an A while another doesn't do a thing and gets an A. Is it fair? I asked you; now, you answer. It's really hard you don't know what to say. If you're the person who works hard for an A, you'll say "no", but on the other hand if it comes to you easy, you say, sure it's fair.

If it was someone else you might sympathize with them, but it being yourself, "It's not fair."

I know everyone reading this column will say, "I always look at both sides of everything." But do we. I know you're not the only one, because I, too, only look on my side of the story. Why don't we try looking at both sides of everything and stop to realize what the word "fair" means. In the dictionary the word fair means—favorable or just.

When you think of something being "unfair," take each letter of the word fair and play around with it. See what you can do, because everytime I do it, it always comes out, "Nothing in the world is fair." So why not forget about fairness or unfairness; it's very silly, because you can't get anywhere. When you think of fairness think of something beautiful.

**Advance Food Classes Study Meal Planning**

The advanced food classes have been studying meal planning. The class is divided into four groups. Each group will have their turn to serve a meal to the class.

On Thursday, October 31, the first group gave their luncheon. They used Halloween motifs. They used a large Jack-O-Lantern on the buffet table with orange candles and mums. The individual tables were decorated with candles and mums.

The guests were Mrs. Schultz, Miss Harpster, and Mr. Harke.

We all thought that the I & M strike was over, but Mrs. Schultz is still dressing in the dark, because she came to the luncheon with one white pearl earring on and one pink pearl earring on!!

"SALLIE"

**JANE OF THE WEEK**

You've all heard Bumble-Boogie, but you've never really heard it till you hear our Jane swing out on it.

We all love her exquisite clothes and that heavenly smile.

Now for the hints, if you haven't already guessed.

She's a mighty *senior* and an elite Sub-Deb, also I've said before, she's a whiz at the piano.

When you see her now it isn't a navy uniform you see, but an ex-navy man and what a pair they are.

It's so plain now, I might as well tell you, yes, our Jane of the Week is **HELEN SOWERS.**

**JOE OF THE WEEK**

Our Joe this week comes joking his way into the hearts of all the girls. He has a tuft of brown hair that makes you want to run through it barefooted.

Although I personally have not had the privilege to gaze into 'em, I've just heard his eyes are brown.

His super personality has won him just loads of friends, and confidentially, there are two girls that think he is really "lush."

**THE COLONIAL POLL**

By Bill and Phil

Our question "Should school organizations be open to all" brought many different answers. After taking the cotton out of our ears and changing the answers into the "yes and no" category, we decided to let the Juniors take over our bit of the Colonial for a couple of tries.

By the way—the results of the above question turned out like this:

In favor of .....34%  
Against .....66%

We wish the best of luck to the juniors—we are sure they'll succeed if everyone gives them the co-operation we have received thus far.

**Colonials Win Opener**

The Washington-Clay Colonials won their opening game of the 46-47 basketball season by defeating the New Carlisle Tigers 36-33 on the home floor.

It was a hard fought battle from the opening second until the gun sounded.

The Tigers were the first to score a basket and any points. The Colonials came right back to score and take the lead. Kenny Call was the first to hit the bucket for the Colonials. The Colonials and Tigers exchanged point for point, but when the quarter finally ended the Colonials were on top by a two point margin, 12-10.

The second quarter was evenly matched, each team getting six points apiece. So that meant that the Colonials were still ahead at the half 18-16. The Tigers were one point ahead during the second quarter, but it wasn't very long 'till the Colonials put them in their place.

After the time-out period the Colonials got started once again to their first victory. At the end of the third quarter the Colonials outscored the Tigers by eight points. At the end of the quarter the Colonials were out in front, the score being 30-22.

In the fourth and final quarter the Tigers came back hitting hard. For the first time of all the four quarters the Tigers outscored the Colonials in the last quarter. But they really only once came close to going ahead and that is when the Colonials had a one point lead on them. The Colonials scored enough times just to keep ahead. When the gun finally sounded the Colonials once more had the lead. The score was 36-33.

**THE COLUMN**

By Pinkey Gardner

"Pee Wee" Trowbridge says that the most improved player from last year is Larry Heckaman, and he should know, because he is varsity team manager and has watched Larry practice week in and week out during the basketball season for four years.

"From out of the Past." Five years ago today, Washington-Clay defeated Wilson 53-42. The varsity at that time was made up of such boys as Bill Avery, Calvin Ream, Don Patrick, Ernest Warrick, Bob Snowden, Dale Shelly, and Cecil Pond. This same team won eighteen out of twenty-two games, with captain and 6 ft. 6 in. center Dale Shelly leading the scorers with 211 points for the season.

"In the Coming Years." Our boy for this week is Garry Borkowski, 6 ft.—169 lbs. freshman of the B-team, and who with a few years experience tucked under his belt could be a lot of help to the Clay team in the future.

"Bare Facts." The largest number of points scored in a single game for the last five years by a Clay team is 77, which took place last year when the Colonials slaughtered Niles 77-30. The largest victory streak a team from Clay

**G. A. A. Initiates**

The G.A.A. had their initiation Friday, November 1, at the school. They had their new members braid one side of their hair and leave the other hang straight. They also had to wear one tennis shoe and one street shoe. They were all dressed up in long boys plaid shirts for the first game of the season. (We won.)

has ever had for the last ten years was in 1941 when Ream, Warrick, and Company won 13 straight before being downed by Madison 37-19.

"Question of the Week." In every Colonial issue I will have the opinion from a certain number of students on a question asked about basketball or other school sports activities. The question this week is: Do you think it is alright for a basketball player to go steady with a girl during the season? The score this week is as follows: Yes, 40%; No, 60%.

**G. A. A. SPORT NEWS**

By Shirley Hinchy

Now that the softball season is over, we find the G. A. A. really had a season. The thirty-nine girls out for softball all earned their ten points. Several of the girls were so intent on earning their ten points, they came down for extra periods.

Several pitchers were developed in the last season. Bea Marie Filar had the Lakeville team confused with her curved balls. But, then, there's nothing like winning a game with a lot of confusion, is there, Bea Marie?
