## Marilyn Cook

Marilyn Cook is ranked among the top ten of her class. Her interests lie chiefly in the field of business. However, she also enjoys sewing, reading, and music. Besides scholastic achievements, including membership in the National Honor Society, Marilyn has been a member of the Latin Club, G.A.A. and the office secretarial staff.

Under the Business Co-op program, Marilyn is currently employed at Bendix in the personnel department. After high school, Marilyn is considering employment as an executive secretary. Her immediate plans do not include college.

Marilyn advises all underclassmen to utilize their potential to the fullest, and to take advantage of every educational opportunity offered.

## Richard Hall

These past 4 years have been the "Best years of my life." This is the way Rick Hall feels of his high school life.

Rick, who is one of the top 10 seniors, has been in N.H.S. his Junior and Senior years, was Clay's representative to Hoosier Boys' State, was the Prom Committee Head, and participated in football his Junior year, and wrestling his Sophomore year. Rick also has won P.T.A. awards in his Sophomore, Junior and Senior years.

Rick plans to attend I.U. extension next year, and is getting married next summer to Kay Modlin.

Rick's advice to underclassmen in "Enjoy yourself while in school and take advantage of opportunities offered to you. Have pride in your school, it deserves your respect."

## Christine McFaul

Good advice to the freshmen from an outstanding senior student is "Remember that outside activities are important as well as schoolwork, and one can only achieve success through determination and hard work, but most of all always be proud of Clay."

Besides being one of the top ten seniors at Clay, she is one of twenty-two top students in the 1967 graduating classes of the eight high schools in the South Bend Community School Corp. She had won various awards and honors such as the National Merit Scholarship Award as a commendant student and has received an academic scholarship through Hillsdale Mich. College where she has been accepted.

Chris has participated in various activities throughout high school. Among them are the office of presidency of the Future Teachers Club and holding the office of secretary of the National Honor Society in which she's participated for two years. Also she has been copy editor of the yearbook and has been active in French and German Clubs.

## David Kovacsics

Commenting on his most memorable experience in high school, Dave Kovacsics said, "My biggest moment of pride was after our junior prom. As class president that year, I felt the prom was a huge success."

Of the many honors Dave has received, he felt the greatest honor was that of being selected as an applicant for A.F.S. Dave has been on Student Council for three years, was secretary of Speech and Debate his junior year, and this year he was President of Speech and Debate and Vice-President of French Club.

Next year Dave plans to major in foreign language and political science at the University of Notre Dame.

Dave's advice to underclassmen was, "If you want to make something of yourself, then start as soon as you get to high school, don't wait."

## Gayle Winchester

"In the past four years I have become more aware of people and their actions," commented Gayle Winchester when asked of the most important facet of her high school career.

Gayle, who ranks ninth of the graduating class, was active in swing choir in her junior year. During both her junior and senior year, Gayle was a member of National Honor Society.

Her interest in music is centered around playing the guitar. English was her favorite subject and she took an equivalent of six years of it.

In August, Gayle will attend IBM school working under data processing and controlling.

To underclassmen Gayle leaves a quote by Leo Tolstoy:

Sorrow is the emotional substance of life as it is,

Beauty is the understanding of it.

## Marcia Ullery

Among the many opinions voiced about Clay probably one of the most favorable would be Marcia Ullery's who says, "Clay is a real good school with lots of spirit, and you need spirit to have a really great school." Marcia, a graduating Senior is an outstanding student who has received the P.T.A. award, and has been a member in the National Honor Society. Commenting on the faculty, she said, "They are all so nice and do all they can to help you."

The most outstanding event in Marcia's mind was as a Freshman working on the floats for homecoming. She remembers that she was new to the community but that everyone was on the same level so it was hard to be "left out" for long.

Marcia's rather sad about leaving, and she feels very strongly about her school, exhorting the student body to appreciate Clay, respect it and take advantage of its opportunities.

## Susan Dettman

Susan Dettman, one of our top ten seniors, is extremely interested in science even after five units of the subject in high school. When asked about her future plans, she stated: "I plan to go to college and major in science. I'm thinking about becoming a medical technician but I'm not sure yet."

Besides science, Sue plays the piano and enjoys sewing. She is a member of the National Honor Society and is one of our Honor students.

## Chris Johnson

"I think Clay is a real nice school." These are the words of Chris Johnson a scholastic paragon, and one of the seniors of this year's graduating class. Chris, recipient of many rewards regards the Honor Ledger award as most outstanding during his Freshman and Sophomore years, or as a Junior it was the P.T.A. award and as a senior he is justly proud of his scholarship to Indiana State.

As a graduate to be, a person remembers many things, but one special event that remains painfully sharp is that awful first day as a freshman. "I wasn't really scared," Chris says, "but I sure was bewildered."

Regarding the inevitable changes that occur during the high school years Chris feels that he has essentially become older and wiser.

In any interview with a graduating senior the question eventually comes up, "How do you feel about leaving?" To it Chris remarked that "I have mixed emotions, it seems strange but I'll be happy to be going out into the world, going to college."

As the time grows short to graduation the tradition followed since time immemorial is renewed again, the tradition of the ancient, and venerable senior giving advice to his underclassmates, "Make the most of your four years." Chris Johnson says, "You'll never live them over."

# Diane Wagner

"Clay is a great school but it could be better," is the opinion of Diane Wagner.

Diane ranked 2nd in scholastic standing in the senior class and she also received the coveted "Girls State Award."

Her most memorable event at Clay was working with the Student Council and on the Yearbook. Her favorite teacher is Mr. Garrett who she feels encourages you to learn rather than forcing it upon you.

Regarding the changes that occur during the high school years Diane says that she is more ready to accept responsibility and is surer of her goal in life. Next year she will continue her education at Indiana University majoring in education.

Diane regrets leaving Clay but she has many happy memories and feels that she has gotten to do most of the things she wanted to do while in high school. Her advice to underclassmen is "Do things well so that when you leave, it will be with happy memories."

# Susan Cress

Sue Cress has been the Vice-President of the Student Council. Sue has also been campaign chairman for the officers of the class of 1967-68.

Being the editor of the yearbook was another of her activities. She was fully responsible for its construction. She was also a member of the school spirit committee and instrumental in organizing the introduction of the football players' fathers at Clay's last home game.

After high school, plans include attending DePauw University in Greencastle, Indiana, to study Psychology. She'll miss her friends and teachers in high school, she said, but is greatly looking to her future years in college.

Her advice to the underclassman is to "work hard and take advantage of all the education that is provided. Make lots of friends because without them school wouldn't be as much fun."

# New York Trip Highlights Year

This is one of the two groups who went on the Senior Trip to New York and Washington D.C. They were chaperoned by Mr. and Mrs. Warren.

## Lost Motto Replaced

Most people lose items but our Senior Class loses mottos! Last year a class meeting was held by the Class of '67 in which they originated their motto. During the preparation for the prom, the motto became misplaced and a record of it could not be found. This year, time did not permit another original motto to be made by the class. Therefore the class together to choose a new motto. The motto they selected is "With the ropes of the past, we will ring the bells of the future."

Also chosen were carnations and dark and light blue as the class flowers and colors, respectively.

## '66-'67: A Year To Be Remembered

As the mighty Seniors bid Clay High School farewell, many are feeling mixed emotions. Some are glad that their senior year is over, but those who took advantage of the last year, participated in school activities, tried to improve themselves, and made the best of their senior year are finding themselves regretting that time has gone so fast.

The seniors did many things to make the 1966-1967 school year worth remembering. A few of their projects and activities were sponsoring a booth at the Clay Spring carnival, going to Chicago, taking the traditional New York trip, and buying an oil painting by a South Bend artist for a gift to the school.

Almost everyone who looks back on his senior year will feel differently about it. When asked what they thought about their senior year as a whole, most of them gave such answers as "terrific" and "I really learned a lot that will help me when I go out into the world." A few felt that the reason their senior year was the best was everybody was someone because by four years of high school, everyone knows just about all the other students in their class. Most seniors felt that every Junior should look forward to his Senior year because it is the most fun and it will make all their other high school years worth it.

Some felt that there should be improvements made on the traditional events like the Chicago trip. The complaint was that not enough time was spent at the places the students thought were interesting.

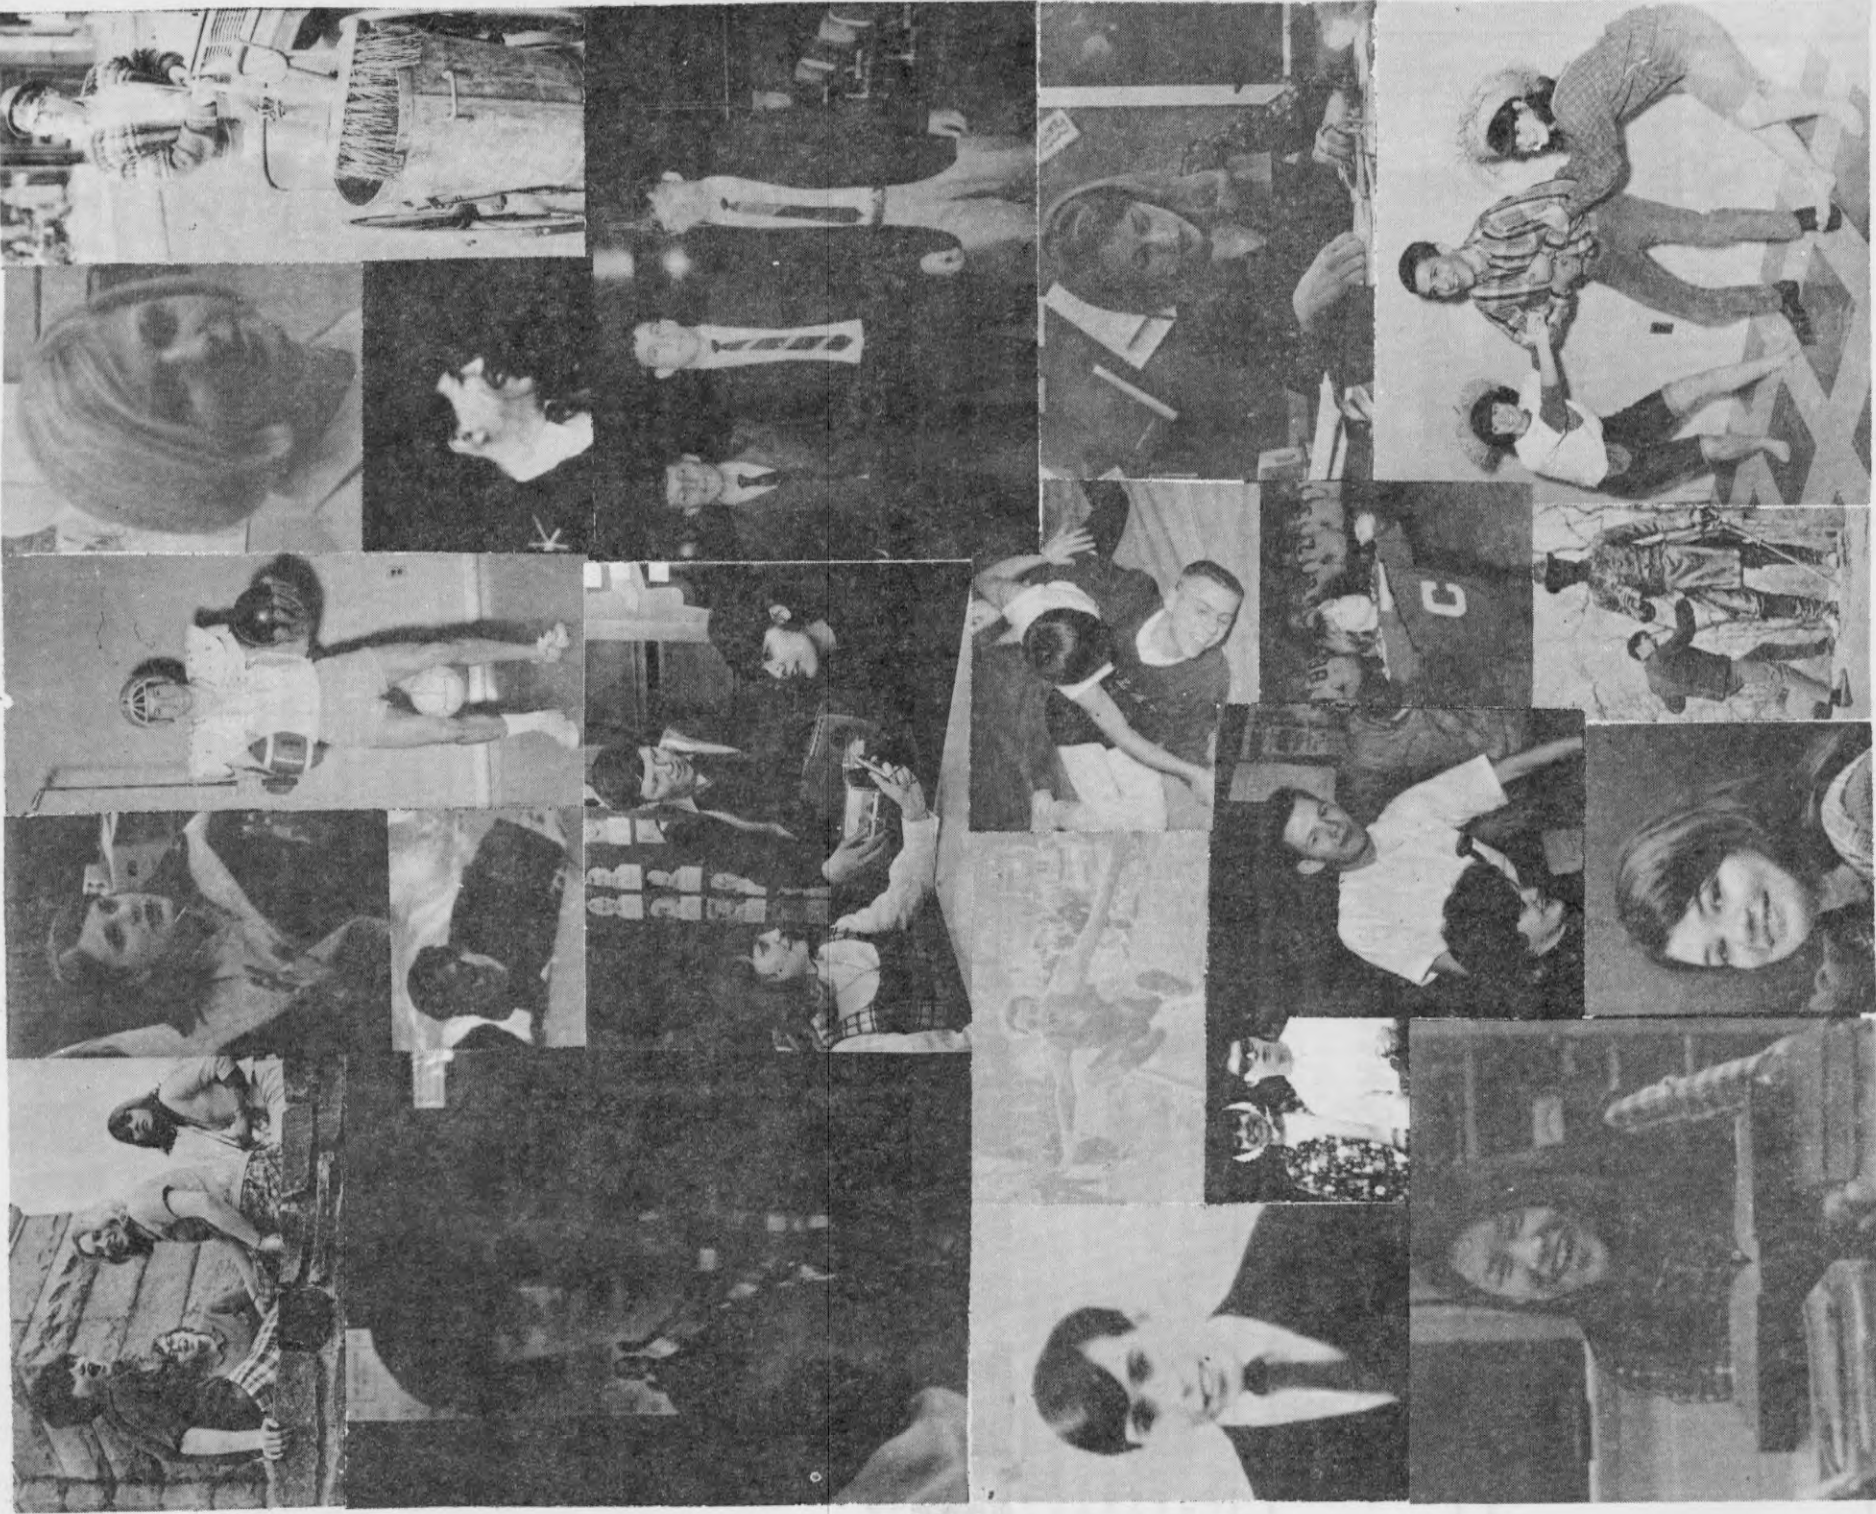

When asked what the highlight of their Senior year was, most of the students felt that Awards Day was the high point of their year. But Awards Day may be long forgotten when memories of graduation still linger.

Mr. David Gleason

## Mr. Gleason 'Learns With Kids'

Mr. David Gleason, along with many other activities, has served as head sponsor for the class of 1967 the past three years. A graduate of Valparaiso College, Mr. Gleason has been head wrestling coach, and backfield coach for football during his teaching career at Clay.

He feels sponsoring a class had been quite a challenge. "I have learned along with the kids, by working together," he said, "and each year has brought new experiences. I have enjoyed it, even though it's been a lot of hard work."

Mr. Gleason remarked the greatest trial of the three years was, by far, preparing for the junior sponsored Prom. But seeing the results of all the hard work and effort was also the greatest satisfaction.

Thinking the senior year would be easy proved to be a mistake, for there are many things to take care of the last year of high school, as Mr. Gleason found out. Of the senior trip he said, "I enjoyed it. The kids behaved and we had a good time."

The class gift this year is an oil painting by Mr. Ed Herrmann which will be hung across from the trophy case at the front door. "The class wanted to give a gift that would be permanent, the whole school would benefit from and they could pay for entirely," said Mr. Gleason.

### Class Comments

The following are some quotes from graduating seniors concerning their sponsor, Mr. Gleason:

Margie Lemley-"We all think he's real nice and would do anything for the class. He worked hard for the Prom."

Larry Graveel-"Mr. Gleason was very good helping on the Prom. He's a nice guy and interested in extra-curricular activities." Tom Pacala-"He is a guy who pushes you to do your best."

Jan Rose-"Everything he does is in the interest of the class and the kids respect him for it."

Rick Patesel-"He is a great guy, easy to get along with, and understands us."

Gloria Boloy-"Because he's a young teacher he can understand our problems better. He's worked as hard as anyone of us could."

## Class Of '67 Looks Ahead

College, work, fun, and travel are on the mind's of Clay's seniors as their high school years draw to a close. Some of the senior plans are:

Jay Farquhar: "Work this summer and then go to Purdue in the fall."

Kevin Jacks: "If I don't get drafted, I'll go to Purdue this fall."

Bill Ganser: "Live it up all summer and enlist in the fall."

Dorien de Lusignan: "Work in the summer, vacation, with family, then go to Michigan State University in the fall."

Dennis Papczynski: "Go to Californis this summer and college in the fall and get married in my sophomore year."

Jess Neely: "Go to college in the fall and earn my way there."

Bruce Carter: "Travel around the world." Joe Duncan: "I'm with him."

Joe Kodba: "Work this summer, and get some money, go to Drake University and play football."

Judy Hentz: "Have fun this summer before the drag of college life."

Rex Richardes: "In the fall I will attend either Indiana University or Western Michigan University."

Phyllis Crandall: "Work all summer, go to Hillsdale College in the fall and live it up."

Vera Lacher: "Go to Virginia this summer and go to art school or become an airline stewardess in the fall."

Sue Kollar: "In the fall I am going to attend Purdue University, majoring in elementary education."

Art Leinen: "I am going to be a beach-bum this summer before having to settle down to being a hard college student."

## Seniors Face World

Some of the seniors say, "Twelve years is a long time to wait," "I'm glad its over," "I couldn't be happier." Behind these statements, they mean "Did it have to go that fast?" "I couldn't be sadder." Let's face it, the seniors have to face the world now. While the juniors say "It's my last year," the sophomores say "We'll be getting our rings soon," and the freshmen will be saying, "Now we can mock out the freshmen, like the sophomores did to us."

To all the seniors who are graduating remember this rhyme "Your future lies before you like a shining path of snow. Be careful how you tread for every step will show." Good Luck To You!

## Seniors Speak

As always, seniors usually have some brilliant advice for underclassmen. Here is some offered by this year's seniors:

Dorien de Lusignan- "Don't conform just because others say you should. Be an individualist and stand up for what you believe." Kevin Jacks- "Enjoy high school while it lasts."

Joe Duncan- "Don't become a senior!"

Bill Ganser- "Have as much fun as you can because when you get out you're drafted."

Jay Farquhar- "Remember to enjoy high school while you have the chance and obtain as much knowledge as you can."

Doug Deck- "Keep your nose clean during high school, because bad reputations are a lot easier to come by than favorable ones. People don't forget that easily."

I, Mick Hoff, bequeath to Ray Barna one 1958 Pontiac, so he can have a fast car, too.

I, Candy Hoover, bequeath to the juniors my ability to suffer through Physics, Latin, Trigonometry, and Chemistry in one year and to the teachers I wish all the luck in the world when my brother invades the high school in two years.

I, Barb Houston, bequeath to my sister Sue Houston all my great and outstanding grades in school. I truly hope she will be able to get as good of grades as I have (Ha, Ha).

I, Gary Hubbard, bequeath to my brother the ability to luck through the next 2 years and to possibly become an athlete of some success in the next two years and always write to me in Viet Nam.

I, Judy Inglett, bequeath to Mr. Matson peace and tranquility for the rest of his years at Clay High School; to any future junior or senior the ability to take Algebra II, Chemistry, and Latin II all in the senior year and get good grades in them as well; to any shy and silent girl to be able to take Physics and end up being the only girl in it; and to all the teachers, the ability to not have my brother as his or her student.

I, Dick Irby, bequeath to Marilyn Horvath my universal theory on houses without windows, to Jan Wipzork a picture of common interest, to Greg Steward my managers uniform, to Blake and T.J. a shoe string, size 13, to Bill Lingard "Mexico City Blues," and to the Junior Class 127 unused chickenman seals. I do not leave Rex or Robbie my Bob Dylan albums (I am not that far gone).

I, Pete Jank, bequeath to any deserving underclassman the ability to borrow money for the rest of his years at Clay, and still consider the people he borrows from friends.

I, James Janowiak, bequeath to anyone who wants them all of my nicknames.

I, Denny Jennings, bequeath to Greg Bechtold the following: My ability to talk the parents into letting me buy a car, and also my ability to drive to school and taking the neighborhood to school. Also, I will my bowling skills to Tom Leonakis.

I, Chris Johnson, bequeath to all upcoming freshman absolutely nothing. I think I'm going to need everything I have (which isn't much) to get through the next four years.

I, Marilyn Kelly, bequeath to Mrs. Shidaker the following, her third hour food class, and her fourth hour study hall in the library. I hope she survives it.

I, Ron Knight, bequeath to Kris Weger, the following: Den (Moose) Thomas' antlers, Jim Knight's ability to wear clashing clothes, and the late Fred Riffels razor blades. Since these were the last remnants of the Phantom Five, of which I was a mere substitute, I feel that it is my unbound duty to pass them on to one of the member's brother, Kris.

I, Phyllis Crandall, bequeath to Stephanie Stroud my brother and all his insulting remarks; To Art Heemer; My seat in Con temporary Society and the seat next to him to some deserving junior girl; to Gary Malahn, my dear friend, my beloved nickname of "Bo" and to everyone, all the fun that I have had in my senior year. Remember, you only have one senior year, so make the best of it.

I, Dorien de Lusignan, being of perfect mind and bod, do hereby bequeath to my sister Tina my '54 Cadillac, to Jan, my trained planarians, to Mr. Matson my 128 copies of Cliff's notes, to any future biology III students the ability to drink tea made in lab beakers, and, my mom gets me.

I, Ted Frannindki, Dembinski, will to Don Nelson my great polish name, and all of my polish jokes, and best of all the great polish High School of mine.

I, Joe Duncan, will my tremendous cooking ability in foods I to Wayne Wisler.

I, Jay Farquhar, bequeath all my tremendous charm and personality to Phil Lutes. This is because he needs help with girls and I don't.

I, Linda Fernandez, being of tired mind and body bequeath to Doug Jennings one used plane ticket to Guadalajara, Mexico; the great statue on the main floor of La Escuela de Artes y Plasticas; cab fare from Chapalita to the "Zombie"; one song request at the Plaza de los Mariachis; the key to Room 312 at the Hotel Geneva in Mexico City; one book entitled "The Art of Tickling"; and a great senior year.
